

# Virginia Reel Square

By Ted Sannella

Square Set (no partner change)

A1

- First couple go the the threes and swing the opposite, end the swing by backing into side lines
  - note that this puts the ones as far from home as possible

A2

- Lines go forward and back
- Ones turn partner right, turn next on side left (the one they swung)

B1

- Ones turn partner right one and a half
- turn next left, turn partner right one and a half

B2

- ..., All allemande corner left
- swing partner at home place

---

Note the right one and a half turns are to set up for left turns with the opposite sex; the timing is approximate, but in principle 4 steps for single turns and 8 steps for one and a half turns.
